CAN THE WORLD BE SAVED FROM GLOBAL WARMING?

GLOBAL WARMING AND THE GREENHOUSE EFFECT ARE COMMON PHRASES IN TODAY'S WORLD, BUT VERY FEW PEOPLE ARE AWARE OF THE IMPLICATIONS AND THE EXTENT TO WHICH GLOBAL WARMING AFFECTS EACH OF US EVERYDAY.

GROUND ZERO WILL UNCOVER THE DOWN FALLS OF OUR ECOSYSTEM AND WHAT WE CAN DO TO CHANGE THE ATMOSPHERIC BALANCE WHICH IS EVOLVING DAILY.

THE DOCUMENTARY WILL CONNECT THE AVERAGE PERSON'S KNOWLEDGE OF THE IMPLICATIONS OF POLLUTION AND CARBON DIOXIDE EMISSION WITH A STUDY, RECENTLY COMPLETED BY NASA.

IN THIS ONE HOUR DOCUMENTARY, GROUND ZERO DEMYSTIFIES A MASSIVE INTERNATIONAL RESEARCH EFFORT SPEARHEADED BY NASA THAT STUDIES THE EFFECTS OF GLOBAL WARMING AND HOW SCIENTISTS WILL USE THIS DATA TO PREDICT THE FUTURE CLIMATE.
